Web Hosting and Server Rentals

We are the best web-hosting company in Lesotho. This is purely based on the features, the level of support and the number of services we can offer along with our hosting.

Security and Cloud Files Hosting

We have supported numerous companies in Lesotho with data security for more than 12 years. We also provide cloud files hosting to keep your important files safe and accessible.

WEB SERVICES

Establish your presence on the Internet with a unique Domain Name and create your own website with one of our easy to use packages.

Continued growth in Internet usage and confidence in e-commerce means that now more than ever businesses need an effective website to communicate with their customers. Whether you need to create and develop a new website, or simply need someone to host your existing website, we can offer something to fit your requirements. We offer services built on both Windows and Linux Operating Systems and all are bundled with an easy to use control panel, enabling you to design, build and administer your website(s). Zeecom is the leading webhosting company in Lesotho, and the biggest (.ls) domain registrar with the highest number of domains as at Jan 2021.

We are stuck with technology when what we really want is just stuff that works.

THESE ARE OUR BEST FEATURES

Softaculous script installer

Softaculous is an application built into cPanel that allows you to easily install from over 150 free scripts/software. Lots of software including Wordpress & Magento.

Control Panel

With cPanel you can easily manage every aspect of your web hosting account. From creating custom email addresses all the way to editing your website files.

LiteSpeed Servers

All of our web hosting packages come with LiteSpeed. LiteSpeed is up to 9 times faster than Apache and is fast becoming the industry standard setup of web servers.

Daily Backups

All of our web hosting accounts come with automated and completely free daily backups. These are completed by efficient backup softwares automatically.

EQUINIX

Our Datacenter

All of our servers are located in a large, well-known datacenter in Dallas Texas, USA. Our facility is monitored 24/7 to ensure that all servers are up and running and secure.

Reliability

We guarantee a 99.95% uptime because of our reliable world class data center and a dependable web hosting with quality service and a high level of included support.

Why would you want to go with the big corporations where you are merely another number? We are big enough to give you great support and proper service and small enough to care. The services we provide need attention and care, that's why Zeecom offers 24/7 support to all its clients, via website, mail and telephone.

24/7 SUPPORT

Hosting, mails, physical computers are the backbone of many companies' operations. Without proper support service, they are worthless. Zeecom specializes in good support 24/7, try us.

STRATEGIC GROWTH

In the past year, Zeecom has grown to have more than 790 clients in the area of web hosting and dns, we offer maintenance to more than 50 clients locally on their physical computers and network.

QUALITY ASSURANCE

WHAT CLIENTS SAY TESTIMONIALS

There are more than a dozen reasons why you would prefer Zeecom over other IT service providers in Lesotho. Unlike our competitors, we concentrate our efforts on greater attention to detail and personalized service.

We've gained a reputation as a reliable and honest company in the last 12 years with most of our customers coming from referrals.

What sets us apart from the competition is that we're passionate about the products/services we provide and quality of support.

Letlafa Lephoto
LNDC IT Manager

Zeecom gave Lesotho National Development Corporation good service and continues to do so anytime they need assistance.

Zeecom came to our rescue with a solution relevant to date. They also swiftly supplied laptops at a bargain. It would be insane not to use them.

Kuea Mokuena
CAS IT Manager

Zeecom developed the CAS a dynamic website and continues to host it and offers all maintenance, support and security.

They have proven themselves to be a team that always available and keen to meet all expectations. Their responsiveness turns out the best.

Bereng Mokoara
Ministry of Education IT Manager

Zeecom comes a long way with Education Dept. Since 2008 we have supported them through different IT management, and they love us.

We are very thankful and we value Zeecom expertise in the area of Data Security, IT equipment supply, web design and Hosting.

Pearl Bedhasie
Du Preez Liebetrau & Co

Zeecom offers platinum support to Dupreez, their cloud, maintenance, hosting, data security and literally all their technological needs.

I was particularly happy with their swift service and product delivery. They have excellent after sale support, they ensure that what they have supplied is working.
